

	Quality and Environmental Policy		Seite / Page 1 / 1
	Wilhelm Schulte-Wiese Gesenkschmiede GmbH & Co.KG	Revision 5	Änd. Datum / Revision Date 18.01.2021

Our Quality and Environmental Policy is laid down in compliance with our corporate principles and the customer-oriented quality and environmental principles. It supports the objectives and initiatives derived such principles and ensures the compliance with external quality standards and environmental regulations, which form the basis for a trusting relationship with our customers.

Top guidelines for our business activities are the corporate principles. They determine the relationship with our employees, customers and suppliers. An active environmental protection is one of the most important tasks of our times and every employee is obliged to ensure compliance and contribute to improvements.

The most important corporate principles are:

- **Compliance with statutory regulations**
- **Fulfilment of customer requirements and other binding obligations**
- **Flexible reaction to changing market situations**
- **Honesty and fairness towards customers, employees, suppliers and all other interested parties**
- **Continuous improvement**
- **Efficient use of resources**
- **Prevention of damaging effects on the environment**

For the achievement of our quality, environmental protection and business objectives, we will continuously strive to make improvements, primarily through the following:

- **Continuous promoting of the quality and environmental protection awareness at all levels by Top Management**
- **Optimally trained and motivated employees**
- **Cost reduction through error prevention**
- **Controlled work processes in all areas**
- **Co-operation with our partners**
- **Setting and regular checking of quality and environmental objectives**
- **Prevention of environmental risks**

Quality and environmental objectives

Our quality and environmental objectives are regularly checked, new objectives will be derived, and the respective current / amended status will be notified to the employees.

Plettenberg, 18 January 2021
